

CERTIFIED CARDIOVASCULAR KNOWLEDGE EXAMINATION

For Physicians Practicing Outside the U.S.

EXAM TUTORIAL

- The CCKE is an online, timed exam with five sections of 30 questions each; you have 1.5 hours per section or 7.5 hours in total to answer the questions in all five sections.
- You have 1.5 hours per section or 7.5 hours in total to answer the questions in all five sections. In total, you have ~31.5 hours to take the exam. See the graphic below for more information.
- Within each section, you may answer questions in any order and review/change your responses if there is time available. Once you exit or time out of a section, you will not be able to revisit that section.
- After each section, you can take a break before continuing to the next section. You have up to 24 hours of break time between sections.
- Break times are not individually timed or enforced. Pace your section breaks as you need and return to the exam via the Exam Hub.
- Please plan to complete your exam before the exam window closes.
- The Certified Cardiovascular Knowledge Examination (CCKE) delivered in English.
- The timer in the right corner of the screen will display how much time remains.

Visit the **CCKE Exam Hub** at [ACC.org/CCKE](https://acc.org/CCKE) to complete the Sample Exam and practice with the section breaks and other exam operational components.
